PROJECTS

Project Logistics

We handle all kinds of projects. No matter how heavy or complex, each project handled by **(AT)** gets our individual, customized service. Power stations, refineries, factories—anything that's heavy and oversized is our every day business. We bring a production plant with a total volume of over a million tons from all corners of the world to Iran and getting it safely across deserts, rivers, jungles to its final destination. That's efficient global logistics.

Special services:

- projects
- energy (oil– gas–petrochemical plants)
- exhibition services
- perishable products and reefer
- customs Brokerage
- hotel logistics
- emergency, aid relief
- Multi-modal transport
- Presentation of alternatives
- Expertise for heavy-lift
- Police escort
- status daily reporting
- Charter services
- Customs formalities
- time schedule
- off loading-loading
- Route survey
